Rooms of Distinction / 2017

“This is a deeply personal space. It houses my collection of mainly Brazilian modernist furniture combined with selected pieces from my contemporary art collection.”

— Hubert Zandberg

London, U.K.

Celebrating many of nature's elements — wood, metal, stone and raw fibers — the living room of Zandberg's own Berlin pied-à-terre speaks to what he calls "the relation between primitivism and modernism." He hung a Florian Schultz pendant over a Fatima Decorações sofa from the 1960s. Photo by Simon Upton
